CED ELECTRICAL GROUP

The **Axiom Site Electric** range comprises portable transformers, extension reels and outlet units, multi-way adaptors, industrial plugs and sockets plus a comprehensive array of site lighting. Bulkheads, yellow low voltage anti-corrosive fittings, inspection lamps, task lights, portable floods, festoon lighting and tripods make up this sub-sector. Benefiting from CED's expertise with the Meridian LED Lighting range, LED single and twin tripods and portable LED site lights have been added to this Axiom range. All products are CE marked and meet all relevant BS EN standards.

Use GRP Moulded Transformers to directly convert 240v to 110v for a safer site working environments

Code: P7/1
750vA 16A Single Socket 110v
- A robust range of GRP moulded Portable Transformers suitable for heavy duty site use
- Step down from 230v to 110v CTE supply
- Provides isolation from mains
- Rubber cable 13A 240v Plug
- 110v BS EN60309 Outlet Sockets
- Overload protected by input thermal device, centre tapped to earth
- Commonly used with construction and industrial power tools

CED ELECTRICAL GROUP

25 YEARS

Features & Benefits

These tripod mounted plasterers lights emit light which produces no shadows, they are ideal for plasterers, painters and decorators, as they facilitate the finishing of a smooth, fault-free surface. They come in two versions which can be easily moved around a site and quickly placed wherever needed. The light can be set in the horizontal or vertical position. Whilst the TPD218FOLD is better suited to more enclosed and tighter environments. Both versions are fitted with a twin 16A 110v sockets suitable for a power tools.

Other Features include

- GRP body providing protection from moisture, dirt, grease and UV radiation
- Clear prismatic polycarbonate diffuser
- Provides even light distributions for superior finishing
- Easily adjustable extra stable tripod

Code: TPD158
Plasterers Tripod Light IP65 1x58W c/w Twin Socket & Plug

Features & Benefits
- Highly efficient 10W Epistar COB chip for superior performance
- Fully portable and comes with in-car charger
- 2.5 hours working life and 6-7 hours charge time
- 14.8v/4400mah battery
- Ingress:- IP44

USB ⟶ FLOODLIGHT
RFL20USB
(Rechargeable c/w Adaptor)

- Complete with foldable portable stand
- Rechargeable Li-battery
- With ON-OFF switch
- Charging time:4-5 hours (constant current)

CE RoHS

Product Summary

The CED 20W Rechargeable USB Floodlight has an innovative fold flat design which offers the user the ideal storage solution for both around the home or in a vehicle. Featuring the latest 20W SMD which is highly energy efficient.

This work light provides a bright glare free 1400 Lumen light output and is cool to the touch. Comes with a lightweight replaceable heavy-duty Lithium-ion battery that provide up to 7 hours of continuous light on one full charge, depending on the mode selected.

It is also complemented with a USB power outlet allowing the user to recharge many portable electronic devices such as MP3 players or mobile phones. It also comes with a ratcheting leg stand system that allows the lamp to be folded flat for storage and opened out for use. Supplied complete with both a mains charger and a car charger unit.

Technical Specifications

General Information	
Product Colour	Black
Dimensions (mm)	192x172x57mm
Ingress Protection (IP)	IP54
Electrical	
Operating Voltage (V)	5V 1A USB output
Frequency (Hz)	n/a
Wattage (W)	20W (rechargeable)
Approvals	CE, RoHS
Performance Data	
Useful Lumen Output	1400Lm
Lumens (Per Watt)	70Lm
Lampholder	None
Lamp Type	Dedicated LED
LED Type	SMD2835
Number of LED (pcs)	40
Beam Angle (°)	120°
Colour Temperature (K)	4000k
Construction	
Body	Plastic
Diffuser Material	Glass (clear)
Weight	910g
Warranty (Years)	1yr
Other	
Applications	Domestic, commercial applications
